

NSERC CREATE QCS Module Completion Confirmation Form

A mandatory requirement for graduate-level trainees in the CREATE program is the completion of **three training modules**. A further mandatory requirement (for PhD-level trainees only) is to contribute to the development of **one** training module.

Instructions:

1. Complete three training modules. (If you are a PhD-level trainee, describe your contribution to one module on page 2. You may append additional PDF pages and submit them with this form.)
2. Obtain email confirmation of module completion from the lead (i.e., co-PI) developer of each completed module, and append a PDF of each confirmation email to this form.
3. Complete and sign this form, including all appended pages as a single PDF document.
4. Have your supervisor sign this form to acknowledge your completion of the three training modules.
5. Email the completed form to the Program Coordinator at alain.gervais@uwaterloo.ca.

Supervisor acknowledgment:

- I understand that by signing this form, I confirm that my student has fulfilled the requirement to complete three training modules. If my student is a PhD-level trainee, I further confirm that my student has contributed to the development of one module as described on page 2 (and any additional pages appended to this document).

Trainee name: _____

Check trainee level: ☐ Masters ☐ PhD

Trainee university: _____
